

ENGLAND WILL DISCUSS DISARMAMENT

LLOYD GEORGE SAYS IT IS DESIRED TO AVOID COMPETITION

**British Premier Also Gives the Assurance
That Any Anglo-Japanese Alliance Will
Be Satisfactory to United States—Co-
operation With U. S. Cardinal Principle**

(By The Associated Press)
LONDON, June 20.—Premier Lloyd George in opening the imperial conference attended by the premiers of the overseas dominions, today referred to Anglo-Japanese relations in terms generally regarded in American circles here as assurance to the United States that renewal of the agreement with Japan would be unobjectionable to America. He alluded to the war time friendship with Japan and said Great Britain was anxious to apply this friendship to a solution of the questions connected with the Pacific Ocean and the far east, among them the future of China. Great Britain desired to avoid competition in armaments in the Pacific Mr. Lloyd George declared and he emphasized its willingness to discuss limitation of armaments with the United States. He pointed out that the life of the United Kingdom as of Australia and New Zealand was built upon sea power—the basis of the empire's existence.

LEWIS ANNOUNCES CANDIDACY AGAINST SAMUEL GOMPERS

**Decides to Make Race
For Presidency of
A. F. of L.**

(By The Associated Press)
DENVER, June 20.—Supporters of Samuel Gompers and John L. Lewis, president of the United Mine Workers tonight were marshalling their forces for the contest to decide whether the veteran labor leader shall be returned to the presidency of the American Federation of Labor. Both sides are making canvass of the situation and declare they have mustered sufficient votes to win.

The Gompers administration forces went into action immediately following the announcement by Lewis that he would be a candidate for the presidency with a declaration that the chief would be a candidate and had no intention of withdrawing.

Mr. Gompers stated that, I consider the position of president so exalted and dignified, I would not stoop to politics to attain it. "No man in the convention or out of it can truthfully say that I discussed the presidency with him or asked for his vote."

Lewis Makes No Statement
Except for his brief announcement that he was a candidate, Mr. Lewis declined to make any statement. His supporters were active and claimed they had pledged more than twenty thousand of the 38,296 votes.

Labor leaders pointed out tonight that the candidacy of Mr. Lewis would change the whole political complexion of the convention. They said there probably would be no opposition to put into the field in opposition to the members of the executive council.

Mr. Lewis has established campaign headquarters at a downtown hotel and is being aided by a large force of mine workers' officials. Practically all of his executive board members are here in his behalf.

Reports that he would not be able to control the votes of his organization were denied tonight by his supporters, who announced that the 4,257 votes of the miners would be cast in favor of their leader.

The machinist union the second largest and the carpenters' and joiners union, the third largest union have swung their support to Lewis.

Both Sides Claim Majority.
Both Gompers and Lewis supporters claim a majority of the delegates from railroad organizations. The candidacy of Lewis is the first serious opposition President Gompers has met since 1894 when he was defeated for re-election by John McBride a mine worker. Since that time he has been elected year after year by almost unanimous vote.

Published reports that representatives of certain anti-Gompers interests are operating with a projected thousand dollar slush fund to defeat Lewis.

Discussing the relations between Great Britain and the United States the premier said:

"Friendly co-operation with the United States is for us a cardinal principle dictated by what seems to us the proper nature of things by instinct quite as much as by reason and common sense."

"We are ready to discuss with American statesmen any proposal for the limitation of armaments which they wish to set forth and we can undertake that no such overtures will find lack of willingness on our part to meet them."

The prime minister summarized past war conditions and said that German disarmament was virtually accomplished and the reparations problem was "in a fair way of being solved."

Problems of Silesia and the near east remained, their solution lay in adherence to the treaties and he was hopeful with regard to both.

Pays Tribute to Dominions.
Mr. Lloyd George paid tribute to the loyalty of the dominions during the war. He referred in glowing terms to the gallant achievements of India and cited these as proof of the solidarity of empire, which he declared is "based not on force, but on good will and common understanding."

Mr. Lloyd George gave a lengthy review of the foreign policy of Great Britain during the war. He explained the stand taken by Great Britain at the conference of the supreme allied council in Spa and the reasons underlying it as well as the position of the British government in respect to Poland and Silesia. He emphasized that the premiers were meeting as equal partners in a common empire and that so far as the British government was concerned it had no desire to press its policies upon the conference.

Premier Meighen of Canada was the first speaker on the program after Mr. Lloyd George. He confined himself merely to a preliminary statement of his understanding of the scope and functions of the conference.

The conference adjourned until 11 o'clock tomorrow morning when the visiting premiers and the representatives of India will make their opening statements. It is understood that if the Anglo-Japanese agreement is renewed, Premier Hughes of Australia plans to return to his country by way of the United States where he will make a series of speeches and attempt to explain the situation to the satisfaction of the American people.

There have been reports that proponents and opponents of the Admiral's London speech were planning demonstration of opposite nature. The pier will be heavily policed.

Will Land at Pier.
Washington, June 20.—Secretary Denby said today that Rear Admiral Sims on reaching New York Wednesday aboard Steamer Olympic from his trip to England, would land when the liner docked and that the navy had no intention of sending a vessel to pick him off at Quarantine or at sea.

Referring to reports that Irish sympathizers were planning a demonstration for Sims because of his criticism of activities of friends of Ireland in the United States the secretary said he hoped no situation would develop to make it impossible for an American admiral to land in the ordinary way or to be embarrassed when he landed.

Admiral Sims is expected to proceed to Washington immediately after his arrival to report to Secretary Denby.

**DECLARES WOMEN
ARE NOT ELIGIBLE**

Women Attorneys in Chicago Attack Ruling of Cook County Jury Commissioners.

(By The Associated Press)
Chicago, June 20.—A decision that women were not eligible for jury duty, made by the Cook county jury commissioners, was attacked today in a brief filed by three women lawyers in superior court today.

The commission, in refusing to include the names of women in jury lists held that the law as far back as the time of William the Conqueror has stated that a man shall be tried by a jury of his peers, comprising 12 men.

The brief filed today gave citations from half of the state supreme courts and contended that since women have been given the right to vote and are a part of the electorate, they also should enjoy the duties and privileges of jurors.

He cited cases in support of the charge that the bureau had been negligent in the settlement of disability claims.

**SWEDEN IS NOT
PLEASED WITH
ALAND REPORT**

**Criticizes Attitude of Judge
A. L. Elkus, American
Member**

(By The Associated Press)
GENEVA, June 20.—Hyllmar Branting, former premier of Sweden at today's session of the council of the League of Nations attacked the report of the allied commission which investigated the dispute between Finland and Sweden over ownership of the Aland Islands. He was particularly severe upon Judge Abram I. Elkus, American member, who he said diminished the importance of his own mission and detracted from the prestige of his own decision by declaring the Aland Islands to be insignificant.

Mr. Branting demanded a plebiscite and declare neutralization of the islands was necessary for Sweden's security.

C. J. A. Enckell, Finnish minister in Paris, recognized the Swedish nationality of the population. He reminded the council that the king of Sweden had promised in 1909 never to assert any rights over the islands and that Sweden had recognized Finland's independence without reserve.

The Aland Islands commission submitted its report to the League of Nations in Geneva on May last, recommending that the islands remain under Finnish sovereignty with guarantees for the safeguarding of the Swedish population.

PREPARE TO GIVE KNOCKOUT BLOW TO MEDICINAL BEER

**Senate and House are Both Racing to See
Which One Can Hold Obsequies First
—No Friends Have Appeared in the House
to Plead the Cause of Beer as Medicine**

(By The Associated Press)
WASHINGTON, June 20.—The senate started a race with the house today to outlaw medicinal beer.

Just after the house rules committee had concluded a hearing on a proposal to give the Volstead anti-beer measure right of way, Senator Willis, Republican, introduced a special bill containing the beer and other unconverted sections of the Volstead bill with the hope of having it passed before the prohibition commissioner promulgates medicinal beer regulations under the opinion handed down by former Attorney General Palmer.

In view of the statements by prohibition leaders before the house committee that they were unwilling to redraft the Volstead supplemental bill and their request that it be expedited as emergency legislation, there was much speculation as to whether the Volstead or Willis measure could be put thru first.

No friends have appeared on the house side in behalf of beer as a medicine and Chairman Campbell of the rules committee expressed what was regarded as the general view by declaring a bill to prevent its sale on a doctor's prescription probably would be passed unanimously. The committee will decide later whether the Volstead bill shall be given top place on the house calendar.

In addition to prohibiting the prescription of beer as medicine the Willis measure would provide that not more than the same amount of alcohol in wine may be prescribed within ten days than is now authorized for spirituous liquors one half pint.

Other provisions would prohibit the issuance of more than one hundred prescriptions within 90 days to a physician for the use of spirituous or vinous liquors as medicine unless an emergency exists; would prevent the further manufacture and importation of whiskey or spirituous liquor, but alcohol until the present supply is reduced to a point where it would meet the needs for non-beverage purposes and would give the courts in Hawaii and the Virgin Islands jurisdiction to enforce the prohibition act.

Senator Willis in a statement said:

"I am introducing this bill in order to give congress an opportunity to meet the medicinal beer situation which must be taken care of immediately if the breweries are not to open up again. While it is true that state laws prohibit medicinal beer in three fourths of the states, if the breweries open in the other states it will be harder to enforce the law."

Volstead Is Satisfied.
Informed of the introduction of the Willis bill Mr. Volstead said: "If it is passed in the senate, I shall be glad to do anything I can to secure its prompt passage in the house. That does not mean that I intend to abandon the other provisions of the house bill, as I consider them of vital importance and a necessity under the circumstances."

If there should be a serious delay in congress it was indicated at the treasury department that early consideration would be given to the issuance of regulations providing for the use of beer for medicinal purposes.

The regulations are ready, it was added, and could be issued quickly upon decision to promulgate them.

According to a company estimate the loss will amount to \$874,700 which does not include twenty five thousand dollars estimated expense in fighting the flames.

About three hundred sixty thousand barrels of oil were consumed by the flames.

It's a fine feeling that Jacksonville people can have, knowing that representatives are coming from other cities to inspect our water supply system. That project was made possible thru the fine co-operation of the people here and has given Jacksonville a good name throughout the state.

A hearing will be held before the utility commission today relative to the proposed consolidation of the Bell and Illinois Telephone Companies' interests in this city. It is not likely that there will be any local opposition to this plan, since consolidation gives promise of increased efficiency—that is, every telephone subscriber will have wire connection with every other telephone in the city and adjacent territory.

What has become of the man who a year ago was loudly proclaiming that the price of corn would never again be below \$1 a bushel and that 10c a pound could be accounted as the minimum figure for sugar?

The strength of the utility companies in Illinois was quite well shown in several of the amendments added to the administration utility bill. The home rule feature to which the utility companies made strenuous objection, is rendered quite harmless by one of these amendments.

Since road signs made in arrow form are available for the asking from the Eli Bridge Co., they should be seen along the highways all over Morgan county. There well made arrows pointing toward the city make a fine advertisement for it and at the same time will be found helpful to tourists.

"THE NUT"

Queer folks are always getting into Greenwich Village—but the queerest was Charlie Jackson, "The Nut." He dressed by machinery—made love with fireworks and waxworks—and dauntlessly followed wherever his sweetheart's hobby led. Her hobby was perfectly innocent and Charlie's intentions were of the highest type yet, in his efforts he nearly asphyxiated some perfectly harmless people, set himself on fire, traveled rough the streets in his underwear and with the scanty protection of a billboard suit. Then, still with the highest motives, he tricked his sweetheart. She was resentful and—in the rebound—was caught in the web of a human spider. Then our hero's luck turned—and it was high time. You'll want to find out to yourself how he rescued the girl and punished the villain.

has maintained that the prices asked especially for materials, are entirely out of line with other commodities and has stated repeatedly that it would be unfair to the people of the state to proceed with any extensive road building program until prices are lower.

This position is taken because at the prices which have been asked the funds available for road construction would not pay for even 50 per cent of the mileage originally estimated.

Resisting strong pressure, the governor maintained his position and the contracts that have been let are on a basis of 20 to 25 per cent lower than the figure originally made.

With the advantages that the new law provides, it is the expectation of the governor that the hard roads department can now push rapidly along hard road work in various parts of the state.

EARLY RESIDENT DIED HERE SUNDAY

Mrs. Alice Merrigan Had Passed Ninetieth Birthday—Long a Member of Catholic Church.

Mrs. Alice Merrigan, one of the pioneer residents of Jacksonville, passed away at 6 o'clock Monday morning at the home of her son, John W. Merrigan, 340 East College street.

The deceased was born in County Tipperary, Ireland, Aug. 8, 1830, and so would have been 91 years of age had she lived until next August.

It was as a young woman that the deceased became a resident of Jacksonville, and here she was married to John Merrigan in 1858.

About 16 years ago Mr. Merrigan passed away and since that time the deceased has had the unfailing comfort and care in the home of her son.

Mrs. Merrigan was the mother of seven children, three of whom survive. They are Mrs. J. J. Ryan of Chicago; Mrs. E. C. Vickory, and John W. Merrigan of this city.

There are seven grandchildren, and nine great grandchildren.

Mrs. Merrigan was a woman of kindly heart and generous impulses, and those who have lived near her home thru these many years know her as a kind neighbor and friend.

Because she has spent so many years in this city, Mrs. Merrigan was familiar with almost all of its history and an excellent memory made it possible for her to talk in an interesting way of the earlier days of the city and county.

The deceased from girlhood had been a member of the Church of Our Savior and she was faithful in attending its services and lived in accordance with its teachings.

Funeral services will be held tomorrow morning at 8:30 o'clock in the Church of Our Savior, and interment will be in Calvary cemetery.

An ice cream social will be held on Dr. Miller's lawn at Woodson, Illinois, Tuesday night, June 21st.

C. E. DELEGATES TO PETERSBURG

Eleven delegates from the Christian Endeavor society of the State Street Presbyterian church left Monday morning for Petersburg where they will attend a young people's conference lasting all week. The Rev. W. H. Mondach of this city is to teach one of the classes of the conference.

Local delegates carried tennis raquets with them, anticipating a season of recreation as well as of study. The party included Rev. and Mrs. Marbach, George Johnson, Howard Nichol, Elson Pires, Maude Eva Hackett, Irma Leedy, Thelma Pires, Virginia Brown, Vivian Pires and Carol Lander.

DAUGHTERS OF EARLY RESIDENTS HERE

Mr. and Mrs. J. W. Christie of Chicago arrived in Jacksonville Sunday morning and are spending a few days here as guests at the Dunlap hotel.

Mrs. Christie is a granddaughter of Col. James Dunlap and Dr. Owen M. Long, pioneer residents of Jacksonville.

Her sister, Mrs. James E. Barber of Kansas City, came to Jacksonville yesterday an dwell accompany Mr. and Mrs. Christie to Chicago.

ANNUAL SERMON FOR ODD FELLOWS

Was Delivered by Dr. Walter E. Spoons at Northminster Church Sunday Morning.

The annual memorial service of Jacksonville Odd Fellows and Rebekahs was held Sunday morning at 10:45 o'clock at Northminster Presbyterian church with a large number in attendance. The audience included four lodges, two of Odd Fellows, Illini No. 4 and Urania No. 243, and two of Rebekahs, Jacksonville No. 13 and Caritas No. 625.

In his sermon on "Fraternalism, Brotherhood and Christianity," the Rev. W. E. Spoons, pastor of the church held the attention of his audience throughout. He spoke of the fact that there is much power in organization, and that submission to authority is necessary in a lodge.

Benefits of membership in fraternities were emphasized by the speaker who also spoke of the supremacy of the home over the lodge and other institutions.

Byron W. Stewart of Urania lodge read the scripture lesson and C. O. Bayha of Illini lodge led the audience in prayer. Two anthems, "Great and Glorious," by Heyser and "Magnificent," by Petrie, were rendered by the choir.

Mrs. Grace Ferreira presided at the organ.

TROOP 6 RETURNS FROM OUTING

About noon Monday the last of the 27 boys of troop six together with the Juniors arrived in Jacksonville after a most enjoyable week at the Rotary cottage at Mercedia.

The camp was under the supervision of Scoutmaster George E. Stickney, Assistant Scoutmaster Franklin Scott and Roger Carter. There was a schedule for every day in the week giving a generous amount of time to boating and swimming.

There was also some special event for each day. The entire camp was divided into four groups captained by Jim Martin, Bill Wilson, Jim Vosseller and "Dubs" Lander.

The baseball tournament was won by Jim Martin's group. "Dubs" Lander's group was second and Jim Vosseller's group third. The treasure hunt was won by Bok Morris and Bill Wilson after some most exciting scenes.

The water boiling contest was won by Jim Vosseller's group. Jim Martin's group carried off the honors in the field meet by quite a margin. Vosseller's group was his nearest competitor.

Wilson's group won the aquatic meet by a safe margin with Lander's group coming next. John Wharton swam about a mile and a half in the distance swim which was one of the events.

Lander's group proved themselves to be the most competent K. P. On the daily inspection which was held Bob Bently and Will Wilson were tied for first with an average of 88½ with Billy Walton a close second with an average of 88.

Murrell Taylor showed the greatest progress in becoming at home in the water. Bob Frisch is wearing the only "wound stripe" awarded in camp.

On the third day in camp it was discovered that there were plotting to capture the camp banner and carry it over to their camp on the island. Open rebellion broke out in the afternoon and after some very exciting scenes the flag was captured by the Bolsheviks and triumphantly raised on the island. The following proved to be Bolsheviks: Beans Conkle, the two Hooks, Frisch, Landers, Thompson, Wilson, Vosseller, Watson and Harry Capps.

Mr. Frank Hehl had a very interesting and instructive talk on the economic value of birds Saturday night and Sunday gave an interesting original story bringing in much historical data concerning Jacksonville and Mercedia which was appreciated by all.

All in all the week was one which will not soon be forgotten by the boys.

WELL KNOWN SCHOOL MAN FIFTY YEARS MARRIED

A number of Morgan county people remember A. C. Buck, who for a number of years was superintendent of schools at Beardsdon. During that time and in some subsequent years Mr. Butler was frequently called upon to serve as instructor at teachers institutes. For the years between 1904 and 1918 he was superintendent of schools at Abington and then retired from educational work.

A paper received from Abington by Dr. Harker gives an account of the 50th wedding anniversary of Mr. and Mrs. Butler who are now classed among the prominent and long time residents of Abington.

Look inside the lid!

If it hasn't this trademark it isn't a Victrola

You can readily identify the Victrola by the famous Victor trademark, "His Master's Voice." It is not a Victrola without the Victor dog. This trademark is on every Victrola. It guarantees the quality and protects you from inferior substitutes.

The word "Victrola" is also a registered trademark of the Victor Talking Machine Company. It is derived from the word "Victor" and designates the products of the Victor Company only.

As applied to sound-reproducing instruments, "Victrola" refers only to the instruments made by the Victor Company—the choice of the world's greatest artists.

Summer Weight Comfortable Clothing And the Price therefor

Cool Mohairs, Genuine Poruscloth Summer Weight Worsteds

A Little Talk on "Prices," by Albert Renner, President of This Company:

—Ever since the war a flock of long haired high brows over the country has been telling us about "prices and their movement." Do you know that prices, as far as clothing (good made-to-measure garments) is concerned, are pretty near where they will remain for a long time to come. They are, in a number of instances, probably lower than they will remain. If you have any idea that "Buy Now" is a fake argument, drop in here and see what is being offered; examine carefully the goods and study the cost to you. Quality always has been maintained here. We will not urge you unduly to buy, but as a Jacksonville business house we want you to fully understand conditions. The "abnormal condition" in the world today is an abnormal lack of confidence on the part of the buyer. Merchants have what you today require, at your own price.

read the lesson, and Prof. John G.
Ames who read the psalter and
prayer. The cross was carried by

CAMPING EXPEDITIONS

WELL MANAGED

The two camping expeditions
of young people from the Congrega-
tional church enjoyed splendid
times while away but as the let-
ters, supposedly came from the
worthy pastor, Rev. Geo. E. Stick-
ney, little mention was made of
the gentleman and all who had a
part in the expedition and the
patents and friends of the young
people unite in praising the
excellent work done by Mr. Stick-
ney in the general management
of the camps.

While maintaining excellent
discipline and making himself
agreeable to all he succeeded in
securing the love and good will
of practically all the young people
who were confided to his care.
The young people who went to
those camps will ever remember
with pleasure and gratitude the
work of Mr. Stickney.

WATCH USED MANY YEARS

A well known resident of the
city referring yesterday to an ar-
ticle which appeared recently in
the Journal about an old time-
piece, said he had a watch which
he had used continuously since
1870. It is a Springfield watch
and was bought from the late
John King. It is an excellent
timekeeper and the owner feels
that the record is an unusual one.
The same man has in his possession
an old English double case
watch which was brought to this
country in 1830. This watch
winds with a chain and drum and
is quite an interesting relic.

LEWIS ANNOUNCES CANDIDACY AGAINST SAMUEL GOMPERS

(Continued from Page 1)
fund have created considerable excitement.

Attempts to get the convention to make an investigation of the matter failed today because of a point of order.

Disapproval of plans to prohibit lobbying at Washington was registered by the convention today.

It was pointed out in support of an adopted report of the executive council that such legislation would serve to isolate members of congress from persons they represent. The convention favored a system of registration of lobbyists.

The executive council's indorsement of establishment of conference boards of organized workers, thoroughly voluntary in character, as a means of promoting the democracy of labor thru development of cooperative effort was adopted.

Encourage Cooperation
"Cooperation should be encouraged as an effective means of curbing profiteering," the council's report said, urging extension of the federal farm loan act to give credit to all properly organized cooperative societies. The report also urged that the department of labor issue monthly statements of the cost of manufacture of staple articles.

Continuation of the policy of cooperation with farmer organizations was voted. In order to find a sounder basis for our social life as a whole, the convention instructed the council to investigate the manner in which are fixed with a view of getting a better basis than the cost of living for determining wage scales.

Fixing wages by the cost of living the executive council report said, brings death thru a perpetration of a static condition.

The convention urged all subordinate unions to contribute to a publicity, information and speakers' bureau of the federation. Speakers declared enemies of labor have established bureaus thru which misleading information has been disseminated.

INTRODUCING MR. JOHNSON OF MISSISSIPPI

He Would Fine Washington Women Who Smoke in Public

(By The Associated Press)
WASHINGTON, June 20.—A puff on a cigarette may cost Washington women \$25 if a bill introduced today by Representative Johnson, Democrat, Mississippi, becomes a law. It provides that women who smoke in "public places" shall be fined \$25, and one hundred dollars for a second infraction.

A similar fine is proposed for proprietors of public places which the bill enumerates as dining rooms, cafes, theaters, elevators, street cars and railway stations, who permit women to smoke on their premises. Mr. Johnson said he had noticed too many women puffing languidly on cigarettes in hotel lobbies, roof gardens and cafes.

"Why the other day, I saw a young lady take a cigarette out of the hand of the young man she was walking with and take a puff herself," he said.

"It is worse than whisky. The girls learn how to smoke and then go home and teach it to the other girls so that smoking by women is constantly on the increase."

Mr. Johnson added that he had never smoked or chewed tobacco in his life.

WARN AGAINST CANTON GOVERNMENT

Peking, (By A. P.)—The Foreign office has recently sent a formal notification to all legations in Peking advising them to warn their nationals against entering into any contracts with the Canton government headed by Dr. Sun Yat-sen which entered hypothecation of any properties which rightfully belong to the Chinese government.

"They are also reported to have ordered that the mint or the Canton-Hankow railway be pledged to foreign interests for loans to be used for military purposes."

JURY WILL CONSIDER ALL TEN COUNTS IN ROBBERY CASES

This is Ruling of Court in Toledo Postoffice Robbery

(By The Associated Press)

TOLEDO, June 20.—All ten counts in the conspiracy indictments arising out of the robbery at Toledo postoffice Feb. 17 will be considered by the jury against Joe Urbaytis, James Hansone, Charles Schultz and George Lewis.

This decision was made by Judge Killits as he commenced distribution of evidence against 13 now on trial following the close of the governments case. He declared he would not hear a motion that had for its object the reduction of the number of counts against these four men, who have been named in government testimony as four of the six who actually robbed the postoffice.

Of the fifteen defendants left when the government closed its case two, Stella Kafer and Joe Culbert were acquitted on motion of Prosecutor Bollin. Judge Killits declared Wanda Urbaytis would be held for the jury on several counts, saying much evidence had been given which would justify having the jury decide her guilt on more than one of the overt acts charged in the conspiracy.

Pearl Sommers is held on several counts the court saying a mass of testimony had been given showing participation in several of the overt acts charged by the government against defendants.

WILL ATTEND MEETING AT MEXICO CITY

LOQUACIOUS ADMIRAL AND PRINCE GET DEGREES AT CAMBRIDGE

The funeral of Mrs. W. H. DeMotte took place at 10 o'clock Monday morning at the residence on Prospect street. The services were in charge of Rev. T. H. Full, pastor of Grace church, assisted by Rev. E. L. Pietsner and Dr. R. O. Post.

A large company of friends of the deceased and of the family assembled for this service, which was impressive in its simplicity. Rev. Mr. Full read passages from the Scripture and then Mr. Pietsner spoke briefly. The minister said he was traveling along a beautiful road in Ohio last summer just about sunset. He said that after he had looked up on the fields on either side of the road and the beautiful sky ahead he said to his companion that he would like to live upon that road. The reply came quickly "You do live on this roadway," and with the statement came the thought that the truth is a resident of another state did dwell by the side of that road.

Then the minister went on to say: "The road by my house, or your house eventually winds its way past the throne of God. Mrs. DeMotte thru her long life traveled a varied road and it surely led to the Throne. I have heard of the DeMotte family even from my boyhood days and know that it was always connected with education and the finer things of life. On the hills and in the valleys Mrs. DeMotte thru the years on life's roadway kept cheerful and hopeful spirit. I have seen her enter the Woman's College with a look of expectancy upon her face, and that was the characteristic expression as she passed along the highways. And I have seen that same expression as she entered God's house. Hers was the faculty of waiting not in the shadows but in the sunshine. "I know that in these latter years our friend must sometimes have felt lonely as she thought of the many who had gone on before. But she did not surrender herself to these thoughts. As we read in the books of the New Testament we find that while Christ paid much attention to children and condemned those who would not let them come to him, that he also had veneration for old age and I believe that a great majority of those who came to Him and felt the healing of His touch were men and women who had spent many years upon earth. "In the Father's house there is neither old age nor youth. Those who dwell there have their full strength and faculties and await the coming of their earthly friends into the gladness of unending strength. "The service at the house closed with a prayer by Dr. Post. Then the cortege moved to Diamond Grove cemetery, where the body of Mrs. DeMotte was laid to rest, after the committal service had been read by Rev. Mr. Full. There were many flowers and they were in charge of Mrs. W. A. Bancroft, Mrs. John L. Johnson, Misses Idella Walton and Ruth Waggoner and Mrs. Voree Bassett. The bearers were Messrs Charles P. Gillet, Alfred T. Capps, R. W. Woolston, Edward Munger, Charles A. Johnson and J. W. Walton.

Bill Provides for Landing of All Who Sailed Before June 8. (By The Associated Press) Washington, June 20.—The Johnson bill to permit aliens who sailed on or before June 8 last to land at American ports was passed today by the house. The excess admitted over the June quota established under the percentage immigration law would be charged off against later monthly quotas.

The measure was taken up by a vote of 161 to 10 under a suspension of the rules.

The number which the measure would permit to enter the United States at this time is estimated at approximately ten thousand. The bill now goes to the senate. During brief debate Chairman Johnson of the immigration committee declared the measure should be pressed to relieve congestion at various ports especially New York.

Representative Raker, California, Democratic member of the immigration committee charged that steamship companies had deliberately violated the new immigration law by bringing aliens to this country by ship loads.

MRS. ORTHWEIN TO TAKE STAND Will Testify in Own Behalf Today—Witness Introduced to Show Ziegler Told Defendant He Was Married.

Chicago, June 20.—Mrs. Cora Isabelle Orthwein will take the witness stand in her defense tomorrow at her trial on a charge of having killed Herbert Ziegler in her apartment several months ago, it was announced today. Several witnesses were introduced by the defense in an effort to show that Ziegler had kept Mrs. Orthwein informed of the fact that he was married; that he later told her he would obtain a divorce and marry her; and that on the night of the tragedy he was intoxicated and had thrown a bottle at her in a rage.

John E. Clifford, her brother-in-law, testified he had been introduced to Ziegler by Mrs. Orthwein in New York in 1916. He said Ziegler posed as an unmarried man and told him he wanted to marry Mrs. Orthwein. He said that as the latter did not desire to leave his wife and himself, Ziegler induced them all to move to Chicago and obtained employment for him as an efficiency engineer. Later, he said, when they learned that Ziegler was married, the latter told them he was arranging a divorce.

Practipedist at Local Store Convinces Crowds That Foot Sufferings are Needless

Charles Hopper, of the Hopper's Shoe Store, has come out "flat footed" with the assertion that all ordinary foot sufferings are needless—that they can be quickly relieved and the cause permanently corrected through the use of light, comfortable springy metal supports invented by Dr. Wm. M. Scholl, of Chicago.

Today Mr. Hopper is wearing a satisfied "I told you so" smile, for he has made good his case. This week the Hopper's Shoe Store is holding a demonstration of Dr. Scholl's Foot Comfort Appliances.

So far it has been well attended and a number of folks who have long despaired of doing away with their corns, callouses, bunions and other discomforts of their feet are now literally "jumping for joy" in the conviction that this has been accomplished.

J. L. Read, the Practipedist, who has been trained under the direction of Dr. Scholl in the science of giving foot comfort, surprised many foot sufferers by accurately describing their aches and pains after an examination of the foot through the hose. He traces the pain to its origin, explains the cause; then adjusting the proper support to the foot, demonstrates how relief is given and correction effected by this means.

If your feet are sick, better let him look 'em over. There's no charge for examination and advice.

HERE FROM DENVER Luther Brockhouse is here from Denver for a visit with numerous friends and relatives. He says wheat is well along in Colorado and will be a good yield. Alfalfa is also a fine crop but there is no sale for it owing to the scarcity of cattle and horses. A recent article in the Journal stated that there was a general scarcity of cattle in the country and it would seem as if better prices for them would have to prevail in the future. Mr. Brockhouse is connected with the Case Threshing Machine Company and is enjoying his vacation.

TAKE BUSINESS TRIP TO DUQUOIN R. A. Gates and son Marshall Gates of Lincoln, Illinois, motored to Duquoin Monday on business. Marshall Gates came to the city to attend the funeral of his grandmother, Mrs. W. H. DeMotte.

Large Company Gathered Monday to Honor Memory of Long Time Resident—Interment at Diamond Grove.

The funeral of Mrs. W. H. DeMotte took place at 10 o'clock Monday morning at the residence on Prospect street. The services were in charge of Rev. T. H. Full, pastor of Grace church, assisted by Rev. E. L. Pietsner and Dr. R. O. Post.

A large company of friends of the deceased and of the family assembled for this service, which was impressive in its simplicity. Rev. Mr. Full read passages from the Scripture and then Mr. Pietsner spoke briefly. The minister said he was traveling along a beautiful road in Ohio last summer just about sunset. He said that after he had looked up on the fields on either side of the road and the beautiful sky ahead he said to his companion that he would like to live upon that road. The reply came quickly "You do live on this roadway," and with the statement came the thought that the truth is a resident of another state did dwell by the side of that road.

Then the minister went on to say: "The road by my house, or your house eventually winds its way past the throne of God. Mrs. DeMotte thru her long life traveled a varied road and it surely led to the Throne. I have heard of the DeMotte family even from my boyhood days and know that it was always connected with education and the finer things of life. On the hills and in the valleys Mrs. DeMotte thru the years on life's roadway kept cheerful and hopeful spirit. I have seen her enter the Woman's College with a look of expectancy upon her face, and that was the characteristic expression as she passed along the highways. And I have seen that same expression as she entered God's house. Hers was the faculty of waiting not in the shadows but in the sunshine. "I know that in these latter years our friend must sometimes have felt lonely as she thought of the many who had gone on before. But she did not surrender herself to these thoughts. As we read in the books of the New Testament we find that while Christ paid much attention to children and condemned those who would not let them come to him, that he also had veneration for old age and I believe that a great majority of those who came to Him and felt the healing of His touch were men and women who had spent many years upon earth. "In the Father's house there is neither old age nor youth. Those who dwell there have their full strength and faculties and await the coming of their earthly friends into the gladness of unending strength. "The service at the house closed with a prayer by Dr. Post. Then the cortege moved to Diamond Grove cemetery, where the body of Mrs. DeMotte was laid to rest, after the committal service had been read by Rev. Mr. Full. There were many flowers and they were in charge of Mrs. W. A. Bancroft, Mrs. John L. Johnson, Misses Idella Walton and Ruth Waggoner and Mrs. Voree Bassett. The bearers were Messrs Charles P. Gillet, Alfred T. Capps, R. W. Woolston, Edward Munger, Charles A. Johnson and J. W. Walton.

CONCLUDE HEARINGS ON BARGAINING BILL. Washington, June 20.—Establishment by the monopoly of any farm product was declared to be an impossibility by Secretary Wallace who testified today at concluding hearings before a senate judiciary subcommittee on the agricultural collective bargaining bill.

Bill Provides for Landing of All Who Sailed Before June 8. (By The Associated Press) Washington, June 20.—The Johnson bill to permit aliens who sailed on or before June 8 last to land at American ports was passed today by the house. The excess admitted over the June quota established under the percentage immigration law would be charged off against later monthly quotas.

The measure was taken up by a vote of 161 to 10 under a suspension of the rules.

The number which the measure would permit to enter the United States at this time is estimated at approximately ten thousand. The bill now goes to the senate. During brief debate Chairman Johnson of the immigration committee declared the measure should be pressed to relieve congestion at various ports especially New York.

Representative Raker, California, Democratic member of the immigration committee charged that steamship companies had deliberately violated the new immigration law by bringing aliens to this country by ship loads.

MRS. ORTHWEIN TO TAKE STAND Will Testify in Own Behalf Today—Witness Introduced to Show Ziegler Told Defendant He Was Married.

Chicago, June 20.—Mrs. Cora Isabelle Orthwein will take the witness stand in her defense tomorrow at her trial on a charge of having killed Herbert Ziegler in her apartment several months ago, it was announced today. Several witnesses were introduced by the defense in an effort to show that Ziegler had kept Mrs. Orthwein informed of the fact that he was married; that he later told her he would obtain a divorce and marry her; and that on the night of the tragedy he was intoxicated and had thrown a bottle at her in a rage.

John E. Clifford, her brother-in-law, testified he had been introduced to Ziegler by Mrs. Orthwein in New York in 1916. He said Ziegler posed as an unmarried man and told him he wanted to marry Mrs. Orthwein. He said that as the latter did not desire to leave his wife and himself, Ziegler induced them all to move to Chicago and obtained employment for him as an efficiency engineer. Later, he said, when they learned that Ziegler was married, the latter told them he was arranging a divorce.

YEP, He Does It!

Practipedist at Local Store Convinces Crowds That Foot Sufferings are Needless

Charles Hopper, of the Hopper's Shoe Store, has come out "flat footed" with the assertion that all ordinary foot sufferings are needless—that they can be quickly relieved and the cause permanently corrected through the use of light, comfortable springy metal supports invented by Dr. Wm. M. Scholl, of Chicago.

Today Mr. Hopper is wearing a satisfied "I told you so" smile, for he has made good his case. This week the Hopper's Shoe Store is holding a demonstration of Dr. Scholl's Foot Comfort Appliances.

So far it has been well attended and a number of folks who have long despaired of doing away with their corns, callouses, bunions and other discomforts of their feet are now literally "jumping for joy" in the conviction that this has been accomplished.

J. L. Read, the Practipedist, who has been trained under the direction of Dr. Scholl in the science of giving foot comfort, surprised many foot sufferers by accurately describing their aches and pains after an examination of the foot through the hose. He traces the pain to its origin, explains the cause; then adjusting the proper support to the foot, demonstrates how relief is given and correction effected by this means.

If your feet are sick, better let him look 'em over. There's no charge for examination and advice.

CIRCUIT COURT NEWS

The session of the circuit court was resumed Monday with Judge Jones presiding. In the assumption of Samuel L. Butler vs. Chris V. Krueger et al., special demurrer was entered to the declaration and additional counts and the demurrer was sustained. Subsequently the suit was dismissed with agreement of each party to pay his own costs.

In the assumption suit of Edward Goldstein vs. H. S. Greenstone, the plaintiff entered a motion for continuance on the ground that certain witnesses could not be present. The defense expressed a willingness to accept the testimony of the absent witnesses the same as if they were present and the motion for continuance was therefore overruled. Leave was then granted the defense to file additional pleas.

In the trespass suit of Vernon Baker vs. C. B. & Q., etc., demurrer was filed to the amended declaration.

State's Attorney Robinson yesterday dismissed the case against Edward McCollister on the charge of burglary and larceny, with leave to reinstate. McCollister is now in jail serving a several months' sentence on account of a holdup assault. The state's attorney took this action because of the uncertainty as to the testimony certain witnesses would give.

MARRIAGE REPORT

WAS IN ERROR

To the Journal: An article appeared in the Journal, June 18, stating that the marriage of Reed Mitchell and Miss Ruth Souza had taken place in Springfield. This statement was wholly untrue. The "supposed joke" has caused me much embarrassment and criticism and I wish to have it corrected thru the Journal. Why any one should choose us as the victims of such a cowardly joke I am at a loss to understand. However, as they planned this "joke" I hope they have received the satisfaction and amusement expected from their trouble. Anyone who attempts an alleged joke of this kind certainly is unkindful of the feelings of others and gives evidence of very queer ideas as to that which is amusing.

CITY COUNCIL HAD A BUSY SESSION

Men Appointed in City Fire Department — Will Buy Stand Pipe—J. A. Bellatti to Serve Temporarily as City Attorney.

A regular meeting of the city council was held Monday night with Mayor Crabtree, City Clerk Scott and all of the aldermen present. It was not a lengthy meeting, but a number of important matters were considered.

A communication was read from Worthington, Reeve and Green, stating that Joseph Riesenman of Franklin, Pa., had determined to accept the city's offer of \$2,000 for the standpipe located near the reservoir. This standpipe, it will be remembered, was erected at considerable expense by the Jacksonville Water Co. and there have been various negotiations for its purchase during the past several years. The city now acquires it at a price very much below the original cost.

Mayor Crabtree nominated John A. Bellatti for city attorney to serve for a period of thirty days. The mayor explained that Mr. Bellatti had agreed to accept the appointment for this period of time as there are several matters pending in which a city attorney duly appointed must take part. Under the law now on the statute books the city attorney's office is appointive instead of elective.

Firemen Appointed

Alderman Cain presented the names of members of the fire department and they were appointed. The names together with bondsmen are given below:

Samuel Hunt, chief; bondsmen, H. J. Rodgers and O. F. Buffe. John Taylor, assistant chief; bondsmen, William McNamara and C. E. Scott.

William Catherwood, engineer; bondsmen, C. L. York and H. J. Rodgers.

The following have not yet filed bond: Allyn Simms, Pearl Iglehart and J. E. Edwards, driver and hosemen; Fred O'Daffer, James Hurst, Jr., and Clyde Sanders, hosemen.

The bond of H. M. Casey, desk sergeant, police department, was approved with Charles H. Story and John S. Hackett as the bondsmen.

The bid of Otis Hoffman for completing the sidewalks on certain streets was opened and referred to the public improvement committee with power to act. The bid was \$236 a foot on Center, Myrtle, Hackett streets and Michigan avenue, 23 1/2c. Beesley avenue, 21c. Allen avenue, and 22c Ashland and Independence avenues and East Wolcott streets.

Ordinances were read for sidewalks on the north side of Reid street and a side walk on the east side of Sherman street from Sheridan to Mathers street. Alderman Rowe called attention to the meeting of the forum of the Chamber of Commerce which will be held tonight at the court house. He said that the question of water extension will be discussed and invited members of the council to be present.

Letter from Phone Company

A communication read from the Illinois Telephone Co. with reference to proposed consolidation of the Illinois and Bell Telephone properties here. It was received and placed on file. It sets forth that the Illinois Co. contemplates the purchase of the Bell properties in Morgan, Greene and Scott counties, with the end in view of uniting these three counties. It was stated that a hearing will be held at 10 o'clock today in Springfield by the utilities commission to consider the expediency of this consolidation. The company expressed the hope that the city will be represented at the hearing, as the matter of a consolidation is one that affects public welfare.

Several matters of routine business were considered and the council then adjourned.

STUDY VERMILLION COUNTY ROAD PLAN

Local Men Made Journey to Danville Monday—Seek Pointers to Apply Here.

With the purpose in view of learning some worth while facts about hard road plans, a number of Morgan county men went to Danville in Vermillion county Monday morning. In the party were County Commissioners Wheeler, Mawson and Osborne; V. Baldwin, county superintendent of highways, and W. L. Alexander, as a representative of the Morgan County Good Roads association.

Vermillion county has done more in hard road work than any other county in the state. Years ago miles and miles of brick highway were built after the county had issued bonds to make such improvement possible. Now it is understood that first quality hard roads are built in that county at a cost of \$25,000 a mile. It is said that brick pavement has been secured at this cost and that contracts have been let as low as \$23,000 a mile.

Arthur R. Hall of Danville and E. L. Luckey of Potomac are both especially well informed of the hard roads question, and the Morgan county men expect to see them, together with others who are posted on the project.

The members of the county board here, together with many citizens earnestly hope that something can be done in the matter of hard roads building here in Morgan county this year, and it is with that end in view that the journey of inquiry was made to Vermillion county.

SUGGESTS METHODS TO GET ATTENDANCE

Former Resident Tells White Hall People How They Get Church Attendance in Hamlet, North Carolina.

White Hall, June 20.—Two movements suggested in an address by W. C. Eby in the M. E. church Sunday night are being given consideration. Eby spoke as a layman, the meeting being given over to laymen, and he noted what had been accomplished in the way of increasing church attendance at his home town, Hamlet, N. C., thru the efforts of laymen. He said the first move was to visit the railroad shops at a noon hour with a quartet of singers, telling the workers that they are wanted, and that they are needed to keep the church from going out of business. He told them that the church sought and invited the attendance of all classes, and that the workers would be made to feel at home. It was impressed upon them that it mattered not what church they attended, but that they were invited to attend some church the following Sunday. This proved to be a winner. That was over two years ago, and the following Sunday every Sunday school and every church service in Hamlet, N. C., has been an increasing record attendance. He advocated the laymen's movement at White Hall be carried into the shops and business houses, which probably will follow.

The speaker paid an eloquent tribute to the American Legion, adding that a memorial to all the World war veterans of Greene county should be erected on Whiteside park, and that when it is done his check for \$200 to apply to the expense would be ready for the asking.

Jacksonville proof is what you want and the statement of this highly respected resident will banish all doubt:

B. F. Allen, retired farmer, 882 N. Prairie St., says: "I had a dull bearing down pain through my back over my kidneys and when I would stoop over, a darting pain would go through the small of my back. My kidneys acted too freely and the secretions were of a reddish color and contained sediment. I knew my kidneys were out of order so I began to use Doan's Kidney Pills as they were highly recommended to me. It didn't take Doan's long to fix my kidneys up in good shape and I was soon rid of the trouble. Since then I take Doan's whenever my kidneys get out of order and they always bring the same good results. I am glad to recommend so fine a kidney medicine. I know Doan's would help others bothered as I was it given a trial."

WHEAT HARVEST ON IN GREENE COUNTY

WHITE HALL, June 20.—There has not been enough rain within a radius of approximately eight miles of White Hall to retard farm work during the past week, while from points beyond this radius have come reports of heavy rains. Wheat harvest in this vicinity got under good headway the latter part of last week, and the yield will not go beyond 15 to 20 bushels to the acre, as stated a week ago. Inspections show it to be light and chaffy, and there is appearing some rust. The crop seemed to ripen all at once, and the heads were inclined to droop. The first crop of alfalfa was cut last week, also a considerable clover and timothy, although there is a shortage in both acreage and yield.

The dry weather has injured the raspberry crop, which should be coming on the market this week. One leading grower searched the community for a supply to fill orders, and found the shortage to be quite general in the immediate locality. A copious shower about 9 o'clock Sunday evening has helped the situation very little. Blackberries will soon be due, but they will not be able to withstand continued hot and dry weather.

BOYS ENJOY FINE OUTING

The members of the Boys' club of Central Christian church enjoyed a jolly outing last night when they camped at Ransom's Woods. Reverend Pontius, the boys and their fathers left the church about four o'clock and drove out to the woods west of town in trucks and automobiles. Each fellow took along his own blanket, some bread and butter sandwiches and the kind of dessert which he liked.

When the party arrived at the camping grounds everybody deposited his pack and began hunting wood and getting things ready for supper. Roaring fires were built and wafers and bacon cooked for supper. Leo Johnson took his truck filled with a lot of boys and also a Victrola and some records. After supper songs and stories were the order of entertainment. The Victrola furnished its share of the music and was much enjoyed by everybody.

Late in the evening every one wrapped up in his blanket and went to sleep for the night. Breakfast is to be early this morning, and the boys will come back to town some time today.

CARPENTIER SHOWS DEFENSIVE TACTICS

Gives Great Exhibition With Jeanette—Greets Legless Veteran at Ringside.

Manhasset, N. Y., June 20.—In five rounds of sparring this afternoon, two with the French lightweight, Marcel Dennis and three with the negro heavyweight, Joe Jeanette, Georges Carpentier exhibited the defensive tactics he has been developing.

Many experts asked Manager DeCamp to let Georges show something and they were so insistent that the Frenchman consented. Carpentier called on Dennis first and he went at such speed that the little fellow appeared slow in comparison. He hurt Dennis badly when on one occasion his right crashed into the lightweight's jaw. He caught Dennis to save him from a fall. Carpentier has been taking lessons in defense from Jeanette, noted for his ability at this part of the game. With Jeanette he went even faster than he had with Dennis. Georges took a number of body punches with a smile and worked an uppercut well. He had Jeanette blowing at the end of three rounds. Jeanette remarked afterward that the Frenchman was better than he had ever been on the defense.

Several hundred persons saw the challenger work, some newspapermen and most of the others invited guests. Fifty boys and girls from the public school at Great Neck occupied ringside seats alongside a score of wounded veterans brought on stretchers, and in ambulances from Polyclinic hospital in Manhattan.

Gunboat Smith was one of the most interested spectators. He

praised the challenger for his speed and hitting ability but ventured the opinion that he was not good enough to beat the champion. When Georges came to the gymnasium he espied a legless veteran on a stool by the ring. He pushed his way thru the crowd and shook hands with the veteran.

"Hello, Buddy," he said, "glad to see you."

WILL PLAY OFF PART OF PROTESTED GAME

Pittsburgh and Cincinnati Will Play Off One and One Half Innings on June 30.

NEW YORK, June 20.—Replay of part of the protested victory of the Cincinnati Nationals over Pittsburgh on May 28 by 4 to 3 in 10 innings has been ordered by President John A. Heydler.

Pittsburgh declared Pitcher Luque of Cincinnati while in a temper had thrown the ball towards the Reds dugout and that Barnhart of Pittsburgh was thrown out while trying for third after the ball was interfered with by a visiting player on the bench. President Heydler ruled that the part game should be played before the scheduled game of June 30, with the score tied 3-3 in the last half of the eighth, two out, with Barnhart on third and Cuthshaw at the bat. The official standing of the two clubs, including games of Sunday, June 11 should be changed to: Pittsburgh 37 won and 17 lost; Cincinnati 24 and 34.

DETROIT DEFEATED NEW YORK NATIONALS

Detroit, June 20.—Hugh Jennings, former manager of the Detroit club and now assistant manager of the New York Nationals was welcomed back by local fans this afternoon at an exhibition game which the Tigers won from the Giants 8-6.

Jennings was presented with a bag of golf sticks by the Detroit Knights of Columbus of which he is a member. New York outlived the Tigers but errors by Bancroft and King in the first inning, paved way for a lead the Giants were unable to overcome.

Score: New York 6 14 2 Detroit 8 8 1 Ryan, Sallee and Gaston; Stewart, Sutherland and Manio.

CHAMPION WAS IN FIGHTING MOOD

Gives His Sparring Partners a Tough Time While They are Facing Him—Referee Question Still Unsettled.

Atlantic City, N. J., June 20.—Jack Dempsey increased his boxing to eight three minute rounds today for the first time since he started training taking on four heavy sparring partners for two sessions each. Dempsey set a warm pace for the quartet that faced him, upsetting Larry Williams for the first time since he joined the camp. Eddie O'Hare, who gave the champion considerable trouble yesterday fainted for openings but Dempsey did not give him an opportunity to get set. O'Hare fainted with his one-two punch.

In rapid succession Dempsey boxed O'Hare, Battling Ghee, Williams and Jack Renault. Ghee was on the defensive from the start and took three steps backwards for every one forward. Once the champion crowded him into a corner and all but knocked him flat with a punch on the back of the neck.

Dempsey was in a fighting mood after he had chased Ghee around for two rounds and when Williams got into the ring the champion tried to upset him. Williams ran into a tornado of hooks and was sent sprawling into the ropes from a right to the chin in the second round. Dempsey staggered him with a left and then crashed over a right that dropped him to a sitting position.

The referee situation still is unsettled. Jack Kearns plans to leave for New York tomorrow for a conference with Tex Rickard, the promoter. Kearns is opposed to the action of the New Jersey boxing commission in its desire to name the referee.

ROBERTS BROTHERS TAKE FAST GAME

Defeat Indies By Score of 6 to 3—Visitors Rally in Eighth and Ninth and Put Game on Ice.

Roberts Brothers bunched hits in the eighth and ninth innings Sunday and defeated the Indies by a score of 6 to 3 after it looked as tho the Indies had the game packed away in the old grip.

Just before the time for the game it rained hard and the diamond was heavy and the footing uncertain. The infielders of both teams fell down several times just when it looked as tho they had an easy out. However, these fortunes of the game were about equally divided so did not really cut much figure in the final result.

Both Padgett and Chestnut pitched good ball. If anything, the local hurler had it on his opponent until the final stanzas. Padgett yielded eleven hits to ten for Chestnut while he walked two men and hit one and Chestnut walked three. The local hurler struckout six men to his opponent's three.

It was not so much the hitting of the visitors that won them the game as it was the poor playing of the locals. In the first inning was where the Indies had a chance to make enough runs to settle the game beyond any doubt.

With two runs over, Ferreira on third and Clark on first and two down, Hap DeFrates hit one a mile a minute into the wheat field in left center. Ferreira crossed the pan, Clark took third and DeFrates second. However, DeFrates thought that it wasn't necessary to touch first base on his journey around the sacks. The ball was relayed to first and the umpire called him out. This beat the Indies out of at least one run and possibly three or four as Chestnut was unsteady and had not got settled to his work.

Despite the poor footing both teams played a good game. Moakley, W. DeFrates, Hackett and McHugh did excellent work on the infield for the visitors while Lascode and Ford pulled down several drives that looked safe.

Denny played a brilliant game for the Indies both at bat and in the field. In the third he went back into center field and took Chestnut's Texas leaguer at full speed, running with the ball.

How the Runs Were Made. The Indies after retiring their opponents in the first, got busy Denny and Wheeler walked. Ferreira laid the ball down the third base line and Chestnut took a graceful slide on his chest when he tried to field the ball and all hands were safe. Cox pulled a long fly to Lascode and Denny.

TWILIGHT LEAGUE OFFICERS MEET

Discuss Plans for Second Series of Games—Charles DeSilva Promises Banquet for Winner.

Managers of the Twilight League met at the Y. M. C. A. rooms Monday evening to consider plans for the future of the organization. Fred Darr president of the league, called the meeting to order, with the following present: Kahl, Henderson, Sullivan, Towers, Smith and Fidler.

The resignation of Lawrence Crim as secretary-treasurer was read and accepted. J. S. Finley was chosen to fill the unexpired term.

New lists of entries and teams for a second tournament were considered, but final action will be deferred until after the absent captains have been interviewed. Henderson and Towers were present to ask admission to the league for the Capps team. This also will be decided later.

Charles DeSilva has promised a banquet to the winners of this second series, if it is played. The first series has now been completed, except for one postponed game.

It was decided at this meeting that if two contending teams agree to substituting men on either side, then no further protests can be entered against the standing of either team. All schedules of players must be entered by Friday evening, June 24, at 7:30.

The managers of the league will meet again next Friday.

CUBANS WIN SECOND VICTORY

Washington, June 20.—The polo team representing the Cuban army scored its second straight victory today in the International Military Polo tournament between the United States and Cuba by defeating the American War Department's Reds, 5 to 3. BABE RUTH'S HOMER WINS FOR NEW YORK

Boston, June 20.—Ruth's 24th home run of the season, on the first ball pitched by Myers in the tenth inning cleared the high left field fence and proved to be the winning margin in New York's 7 to 6 victory over Boston today. In the first Ruth's double scored Hawks and Ruth later scored when Hendry muffed Muesel's long fly.

LAWRENCEVILLE SHUTS OUT SANGAMOS

Lawrenceville, Ill., June 20.—The Lawrenceville Havolines handed the Illinois Sangamos from Springfield another defeat here today by the score of three to nothing.

GOING TO CALIFORNIA

Two young men aged respectively about 18 and 22 were arrivals in the city Sunday and camped in Nichols Park. They were making their way afoot to California from New Jersey and were in good spirits and well. They carried on their backs a small tent, cooking outfit and some clothes. They were much pleased with what they saw of the park and of Jacksonville and were not afraid to express the fact. They had a kodak along and took some pictures.

They were induced to remain till today when C. W. Cully and T. M. Tomlinson expect to take them to Valley City while on an arrow placing expedition advertising the way to Jacksonville.

TILDEN IS IN BETTER SHAPE

Submits to Slight Operation at Wimbledon—Released From Hospital Sunday.

WIMBLEDON, June 20.—William T. Tilden II, world's singles grass and hard court champion, declared today he felt much better after having undergone a slight surgical operation which however, has noticeably affected him. He was released yesterday from the hospital.

Tilden said he would be unable to play in the men's doubles with Arnold J. Jones of Providence but hoped to participate in the mixed doubles with Mrs. Molla Bjurstedt Mallory, American women's single champion.

WENT TO GREENE COUNTY Sunday Albert Renner and daughter Louise and Miss Louise Hodap went to White Hall and Rock Bridge and had a pleasant visit with the families of Ben Hodap and John Joyce.

Mrs. Myrtle Lawson came from Beardsdown to spend Sunday with her grandmother, Mrs. William Murphy, and other relatives here.

It was decided at this meeting that if two contending teams agree to substituting men on either side, then no further protests can be entered against the standing of either team. All schedules of players must be entered by Friday evening, June 24, at 7:30.

SENATORS SPLIT EVEN WITH PHILADELPHIA

Philadelphia, June 20.—Washington broke even with Philadelphia in a double header today winning the second 4-2, after losing the first 7-2. Moore issued eight bases on balls in the first game but the visitors could make only four hits off him while the locals battled freely. Courtney was an enigma in the second game, Hasty being the only local player to hit him freely.

Daily Market Report

WHEAT UNDERWENT

SHARP SETBACK
CHICAGO, June 20.—Wheat
underwent a sharp setback in
price today largely as a result of
depression in New York stock
market and in cotton as well. The
close in wheat was heavy 3 to 4c
net lower with July \$1.24 1/2
and September \$1.20 1/2 to
\$1.20 1/2; corn finished 1 1/2c off
and provisions up 2 1/2 to 2c.

Lack of confidence which seemed
for at least the time being to
have grabbed the majority of
buyers in the wheat market proved
to be much more than an offset
for bullish advices from the
spring crop belt and for disap-
pointing harvest returns from the
winter crop. One good rally took
place but otherwise the bears had
things much their own way. Bulls
were handicapped to the greatest
extent by the general unsettling
influence of the action of stock
and cotton, but in addition the
prevailing favorable weather for
harvesting was an inducement to
sell which was emphasized by re-
cord breaking receipts at Hutch-
inson, Kan., of 168 cars and by
the fact that new wheat was be-
ginning to arrive in Kansas City.

Besides export demand was slow.
With a substantial increase shown
in the visible supply total buyers
continued to back away through-
out the late dealings and to keep an
eye mainly on the downward
swing of the stock market. Ab-
sence of rain tended to check
weakness in the corn market and
thereby to help sustain oats.

Provisions ranged higher with
hogs.

Placing Harvest Help—The Farm Bureau office is receiving numerous calls for harvest help. So far the supply of farm labor is equal to the demand. Those applying for farm work seem fully up to the standard. Those sent out from the farm bureau office have been hired at \$3.00 per day and board.

Crescote-Limestone Barrier—A number of the farm advisers farther south have found that a small ridge of limestone over which the crescote is sprinkled in making chinch bug barriers requires less crescote than an earth line. The crescote does not soak into the limestone like it does in the bare earth. The farm bureau has arranged for a carload of crescote and is in a position to direct interested parties to places where the ground limestone may be secured locally.

Soybean Cultivation—Only a limited amount of information is available on the cultivation of soybeans, but all authorities seem to agree that 16 is best to provide some sort of tillage. The method of cultivation depends somewhat on the method of planting. When the soybean crop is planted in rows 3 to 3½ feet apart, it can be cultivated with a two-horse shovel or blade cultivator. It should be cultivated two to four times, depending on the season and the condition of the land, and the cultivation should be shallow and level. A level surface makes for convenience in harvesting.

If the rows are closer together than three feet, a one-horse implement may be used. If the crop has been drilled or sown broadcast, the rotary hoe is the best implement to use, although a weeder or even a harrow may be utilized with some degree of satisfaction if done in the middle of the day when the plants are tough. A rotary hoe is especially good to break a surface crust which may form after a heavy rain. Such a crust must be broken, or the beans will "break their necks" trying to get through.

Like cowpeas, soybeans should never be cultivated when there is dew or rain on the leaves or plants because affecting diseases (especially the "wilt") which are stirred up from the soil, spread so much worse when the plants are wet.

Pooled Wool All Sold—Word was received from the I. A. A. this morning that all of the pooled wool has now been sold and returns will be made to the farm bureaus within the next thirty days. We understand that the average price received was 26c before the final clean up sale. This last was of high grade and not expected to lower the average. Numerous requests have been made for a pool again this year. We have been slow to declare our intentions for we wanted those who pooled to receive their returns before shipping another consignment.

Auto Trip Called Off—The farm bureau had June 22nd as a date to visit the college of agriculture, but owing to the wheat harvest requiring every worker, it seems advisable to ask for a later date.

WILL LOCATE GRAVE OF EVERY SOLDIER

American Legion Will Undertake Task of Marking Exact Location of Every American Soldier's Graves From Lexington to the Argonne.

INDIANAPOLIS, Ind.—(By A. P.)—American Legion posts throughout the world were called on by a bulletin issued today from national headquarters here to determine the exact grave of every "American soldier dead from Lexington to the Argonne as the first step in assuming the heritage of forever keeping green their memory."

"The order will result," the bulletin added, "in the reclamation of abandoned burial grounds and the placing of suitable headstones over graves long since forgotten. Each post and unit will obtain from local organizations in their communities springing from the Revolution, the War of 1812, the Mexican war, the civil war, the Indian campaigns, the Spanish war and the Philippine Insurrection, lists and charts accurately showing spots where America's defenders are sleeping. These documents will be used by Legion posts in the future to make sure that the soldiers graves are properly marked and cared for during the year and that they are decorated on Memorial Day."

A UNIQUE INSTRUMENT

Willard D. Leidy has in his possession a peculiar document which almost any one would like to possess. It is a diploma issued to the seaman when he first crosses the equator. It is on diploma paper about 20 by 24 inches in size and quite elaborately engraved. It begins with the title in large letters:

DOMAIN OF NEPTUNUS REX.

To all sailors wherever ye may be and to all mermaids, sea serpents, whales, sharks, porpoises, dolphins, skates, eels, suckers, lobsters, crabs, pallywogs and other living things of the sea greeting: Know ye that on this 24th day of Jan., 1921, in latitude 0900 and longitude 81-01-45 there appeared within the limit of your royal domain the U. S. S. "OKLAHOMA" bound southward for the equator and South American ports. Be it remembered that said vessel and officers and crew thereof have been inspected and passed by myself and our royal staff and be it known by all ye sailors, marines, land lubbers and others who may be honored by his presence that Willard D. Leidy having been found worthy to be numbered as one of our trusty shellbacks has been gathered into our fold and duly initiated into the solemn mysteries of the Ancient Order of the Deep.

Be it further understood that by virtue of the power invested in me I do command all my subjects to show their honor and respect to him whenever he may enter our realm.

Disobey this order under penalty of our royal displeasure.

Given under our hand and seal this 24th day of January, 1921.

NEPTUNUS REX.

Ruler of the Raging Main.

DAVEY JONES.

His Majesty's Scribe.
Mr. Leidy also has an honorable discharge from the navy. He enlisted February 26, 1917 and served four years and four months. He made good marks, served at Great Lakes first as apprentice, a merchant ship carrying supplies as armed guard; on the "City of Savannah" and finally on the "Oklahoma." While in the south he visited ports of South America, saw a bull fight in Lima, Peru, and many other interesting things. Went to Cuba to target practice and back north.

VISITORS FROM DECATUR

William Donovan and family came down to the city from Decatur in their Cadillac car for a visit with Mr. Donovan's sister, Mrs. Jack Hoban of this city. Mr. Donovan was a resident of this city 35 years ago but sees little now that is natural. He visited Nichols Park and was much delighted with it as well as with the new water supply of the city. He said that Decatur had been much troubled by scarcity of water but now they are undertaking a huge project in the shape of a dam that will flood several thousand acres of land and surely hold enough of the precious liquid for the growing city.

A. E. Staley of that city has a huge enterprise using 30,000 bushels of corn a day making corn starch, glucose and various products of the yellow grain. He shipped out 900 car loads of goods in May.

Mr. Donovan is connected with the mail service and is also interested in the Decatur Review in which Howard Shaub, for some time with the Jacksonville Journal, has a leading part in the management. Jerry Donahue is also another one who has a leading part in the paper.

Mr. Donovan is well acquainted with Edward P. Irving, a graduate of Illinois College and cousin of Mrs. James I. Barrows of this city. He is now one of the leading citizens of Decatur and a man of large enterprises. He recently traveled from New England with a part of his family in his automobile.

TO IDENTIFY HARNESS

Yesterday Judge William E. Thomson, Henry Rayburn and T. H. Rapp went to Lowder in connection with the theft of some harness. It was claimed that the gears were made by Rapp Brothers and Thomas went down to identify the work and see if it was his.

W. J. Morely was down to the city from Sinclair yesterday.

VERY LATEST SUOR HATS—Left: Among the new creations for wear this summer is this stunning sport hat of green and white braid with rosettes of orange and green taffeta. Right: This spirt hat for country club wear is of henna straw with self tone facing of Georgette. The brim is edged with a band of grey brushed wool. The taffeta rosettes are of henna and orange shades.

Mrs. William Teaney of Franklin was attracted to the city yesterday.

Jesse Loughary of the vicinity of Grace Chapel was a visitor in town yesterday.

Marvin Thompson traveled from Alexander to the city yesterday.
